

# Physiology and Pharmacology External Seminar Series

## Mondays 1 pm AV Hill Rm 1.006

- Sept 21, 09      **Prof Sean Ward** (University of Nevada, Reno, USA)  
*"Role of Interstitial cells of Cajal in Gastrointestinal Motility"*  
Host: Arthur Weston
- Sept 28, 09      **Dr Olivier Cazorla** (University of Montpellier, France)  
*"cAMP-dependent regulation of cardiac myofilaments: PKA and Epac signaling pathways"*  
Host: Fabien Brette
- Oct 5, 09        **Prof Mark Boyett** (FMHS) giving *The Physiological Society's GL Brown Lecture 2009*  
*"The beat goes on – The Cardiac Conduction System and the Wiring of the Heart"*  
Host: Holly Shiels
- Oct 12, 09      **Prof Andrew Tobin** (University of Leicester)  
*"G-protein coupled receptors in behaviour and glucose homeostasis"*  
Host: Donald Ward
- Oct 19, 09      **Dr Jamie Weiss** (University of Sheffield)  
*"The regulation of P/Q type channels in Ataxia"*  
Host: Liz Fitzgerald
- Oct 26, 09      **Prof Andy Cossins** (University of Liverpool)  
TBA  
Host: Holly Shiels
