

# TISSUE INJURY AND REPAIR SEMINAR SERIES 2009

## TUESDAYS AT 1PM

Date and Location	Speaker	Title
17 <sup>th</sup> February 2009 (Michael Smith Lecture Theatre)	Prof. Brian Derby, University of Manchester	Inkjet printing of cells for tissue engineering
17 <sup>th</sup> March 2009 (Lecture Theatre 6)	Dr Kim Mace, University of Manchester	Mobilisation, Recruitment, and Differentiation of Bone Marrow-derived Cells in Response to Injury
21 <sup>st</sup> April 2009 (Lecture Theatre 6)	Prof. Helen Griffiths, Aston University, Birmingham	Biochemistry and functional consequences of free radical damaged plasma proteins
19 <sup>th</sup> May 2009 (Lecture Theatre 6)	Dr Nikki Kuiper, Keele University	Fluorophore-assisted carbohydrate electrophoresis (FACE) in the separation and analysis of GAGs in repair, ageing and engineered cartilage.
16 <sup>th</sup> June 2009 (Lecture Theatre 6)	Dr Aileen Crawford, Centre for Biomaterials & Tissue Engineering, University of Sheffield	<i>TBC</i>
14 <sup>th</sup> July 2009 (Lecture Theatre 6)	Prof. David Kipling, Cardiff University	Towards therapeutic intervention in a human premature ageing syndrome
15 <sup>th</sup> September 2009 (Lecture Theatre 6)	Dr Sarah Herrick, University of Manchester	Peritoneal repair and adhesions – a pain in the gut!
20 <sup>th</sup> October 2009 <b>(Lecture Theatre 5)</b>	Prof. Karl Kadler, University of Manchester	TBC
17 <sup>th</sup> November 2009 <b>(Lecture Theatre 5)</b>	Dr Julie Gough, University of Manchester	Self-assembled peptide gels for 3D cell culture and tissue engineering
15 <sup>th</sup> December 2009 <b>(Lecture Theatre 5)</b>	Dr Ali Mobasheri, University of Nottingham (TBC)	TBC

Enquiries please contact Dr Stephen Richardson ([s.richardson@manchester.ac.uk](mailto:s.richardson@manchester.ac.uk))  
or Dr Michael Sherratt ([michael.j.sherratt@manchester.ac.uk](mailto:michael.j.sherratt@manchester.ac.uk))

**Tissue Injury and Repair**
